

AVON TECHNOLOGIES (India) Pvt. Ltd

Enabling Business, Anywhere, Everywhere

We Innovate Business Delivery

Right Technology - Decoded

Mobile Computing

AVON TECHNOLOGIES is a pioneer in providing Wireless & Mobile Computing solutions to people & enterprises who value it the most.

A task that was envisioned and is now a reality has been Avon's forte since 2001.

Avon strives to carve a niche for itself in this ever changing business paradigm by offering innovative, affordable & scalable business solutions in the handheld PC's & Mobile domain.

In the realms of corporate etiquettes, Avon firmly believes in adherence to fair business practices, respecting individuality, encouraging talent &

innovation in all its forms thereby enhancing Avon's core values & ethical fabric.

Wireless technologies represent a rapidly emerging area of growth and importance for providing ubiquitous access to the network for all of the business community.

In this time of corporate downsizing & changing economic environments, accessibility is critical in keeping a competitive edge. The ability to interact with customers Anywhere, Everywhere through convenient, easy-to-use wireless applications plays a vital role in any companies business process.
